

'Love your neighbour as yourself.' Matthew 22:37

Courage Hope Love & Friendship

6th June 2024

Dear Parents/Carers

I hope that you have all had a relaxing and enjoyable half-term. I can't quite believe that we have reached the final term already, this year has flown by. A few reminders and some additional information for this term.

It is already proving to be a busy term and we have lots to look forward to including a variety of trips and days out, Sports Day and KS2 Production as well as transition visits and taster days for secondary school for Year 5 and 6.

Production

As you will be aware, parts have been allocated for our production and pupils are now busy learning lines. Thank you for your support at home in helping them to achieve this. Details of costumes will be coming home at the end of this week. Please do not buy a costume but let me know as soon as possible if you are unable to provide any of the items. There may also be a 'wanted' list of props appearing as we have a long list of requirements. If you can help in any way, the school would be very grateful.

The dates for the performances are Monday 8th and Tuesday 9th of July. Details of timings and tickets will be issued later this term.

Sports Day

Year 6 pupils will soon be starting to plan what we hope will be an active and enjoyable day. The planned date is Wednesday 10th July (reserve date 17th July) and we will be welcoming parents into school to watch and support pupils during the afternoon. More details to follow and fingers crossed for good weather.

Lost Property – I do have a number of unclaimed clothing items at the back of the classroom. Please feel free to pop in before or after school to check if your child has misplaced clothing last term.

PE

PE lessons will continue to be on a Thursday and Friday this term and pupils should come to school dressed in suitable PE clothing.

Homework

Reading remains a high priority for the class, please listen to your children read regularly at home, read to them or listen to stories together. For more confident and secure readers, encourage at least 15 minutes of quiet reading every day.

Maths - Home learning for maths should focus on practicing and reinforcing core skills. Pupils can access Times Tables Rockstars from home using their school log-ins. I cannot emphasise enough the need to learn times tables as a secure knowledge of these helps in all areas of maths.

I would like to say a big thank you for all your support over the year and if you have any questions please don't hesitate to contact me at school.

Kind regards

Rebecca Hill
