

Geography

Continue your lifelong love of learning and personal development

Can I carry out an independent fieldwork enquiry?

Why do oceans matter?

Why does population change?

What is life like in the Alps?

Would you like to live in a desert?

Where does our energy come from?

What are rivers and how are they used?

Are all settlements the same?

Who lives in Antarctica?

Why do people live on or near volcanoes?

Why are rainforests important to us?

Where does our food come from?

What is it like to live in Shanghai?

Would you prefer to live in a hot or a cold place?

Where am I?

What is it like here?

What is the weather like in the UK?

What can you see at the coast?

Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.

Draw information from a simple map

Understand some important processes and changes in the natural world around them, including the seasons.

Recognise some similarities and differences between life and country and life in other countries.

Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps

Explore the natural world around them

Recognise some environments that are different to the one in which they live.
